The SAISD Foundation believes in the power you have to make a significant impact on each child you teach in your classroom. We are excited you have elected to teach in San Antonio ISD and make a difference for some of our 54,000 students! To kick off your school year and to support creating the best learning environment you can for your students, we will invest \$100 in YOUR classroom. The SAISD Foundation raises funds throughout the year from the San Antonio community, alumni, local businesses and SAISD employees themselves to invest in educators like you. Please note that the SAISD Foundation also supports classroom Mini-Grants (Up to \$500 - October) and Innovative Grants (Up to \$5,000 - Spring) to support your great ideas that can move the bar for our students. Welcome to San Antonio ISD!
